Re: Referral of CERCLA Settlement
Solvents Recovery Service of New England

Dear Ms. Schiffer:

With this letter I am enclosing a litigation report, a settlement analysis, and a CERCLA Consent Decree for an early de minimis settlement, for the Solvents Recovery Service of New England Superfund Site in Southington, Connecticut ("the Site"). I am asking that this referral be processed as soon as possible so that the settlement can be lodged with the Court.

Pursuant to the Consent Decree, de minimis parties accountable for 882 of the facilities who sent waste to the Site have agreed to pay over \$6.58 million in settlement of their liabilities at the Site. As you know, this is a Superfund "good-news" story. The de minimis settlement exemplifies EPA's new administrative improvements which seek to provide earlier de minimis settlement opportunities for those truly small contributors of hazardous wastes to a site. This settlement is a model of EPA's efforts to have better coordination between the governments and the PRPs at Superfund sites.

This settlement is also significant in that it is the largest early de minimis settlement offer nationally and may also be the largest de minimis settlement nationally to date. I am particularly pleased with the large number of small parties who decided to participate in this settlement. Of the 1240 facilities that were offered the opportunity to participate in this settlement, over seventy percent participated. This is a very high level of participation for a settlement that was concluded so early in the process. This settlement is even more impressive if you consider that up to 124 of the facilities that received our offer may not have been eligible to participate in this settlement if they were related under applicable law to other facilities at the Site. In addition, eighty-eight (88) of the facilities that declined to participate were given the option to participate in a later, identical settlement, without penalty, so that individual issues related to these parties could be worked out between these facilities and EPA. If you eliminate

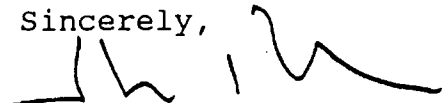

these two groups from consideration, over eighty-five percent of the facilities participated in this settlement.

I would also like to take this opportunity to personally thank your staff, Mark Gallagher, Cynthia Huber and Ron Gluck, for their innovative ideas and hard work on this important settlement.

If your office has any questions regarding this referral, please contact M. Gretchen Muench, Senior Assistant Regional Counsel, at 617-565-4904.

Sincerely,

A handwritten signature in black ink, appearing to read "John P. DeVillars". The signature is stylized with a large, sweeping "J" and "D".

Civ. Nos. 394CV1667 (TFGD)

and 394CV1668 (TFGD) B

February 6, 1995

ORDER APPROVING AND ENTERING CONSENT DECREE

WHEREAS, pending before this Court is a proposed Consent Decree between the United States of America and the State of Connecticut ("State") and 840 defendants representing 882 potentially responsible parties ("PRPs") at the Solvents Recovery Service of New England, Inc. ("SRSNE") Superfund Site in Southington, Connecticut; and

WHEREAS, this Court finds that approval of the proposed Consent Decree: (1) will resolve all liability against the 840 Defendants on all claims by the United States and the State.

NOW, THEREFORE, it is this 10th day of February, 1995, HEREBY

ORDERED that the proposed Consent Decree is approved and entered as a final judgment within the meaning of 28 U.S.C. § 1291.

XVI.	SIGNATORIES/SERVICE	41

I. BACKGROUND

a. The United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), filed a complaint in this matter pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, Liability Act of 1980, 42 U.S.C. § 9607, as amended ("CERCLA"), and Section 7003 of the Resource Conservation and Recovery Act, 42 U.S.C. § 6973. The State of Connecticut ("State") has also filed a complaint against the defendants in this Court alleging that the defendants are liable to the State under Section 107 of CERCLA, 42 U.S.C. § 9607, and Conn. Gen. Stat. §§ 22a-6, 22a-226(b), 22a-133g and 22a-451 for reimbursement and recovery of all costs and expenses incurred in investigating, containing, removing, monitoring or mitigating pollution and contamination and to require the defendants in this case to abate sources of pollution and to take steps necessary to correct sources of pollution.

b. The United States, in its complaint, seeks reimbursement of response costs incurred and to be incurred by EPA, and the United States Department of Justice ("DOJ") for response actions in connection with the release or threatened release of hazardous substances at the Solvents Recovery Service Superfund Site in Southington, Hartford County, Connecticut ("the Site" or "SRS Site"), a declaration of Settling Defendants' liability for further response costs, damages for injury to, destruction of, or loss of Natural Resources under the trusteeship of the Department of the Interior ("DOI"), and the

National Oceanic and Atmospheric Administration ("NOAA"), and injunctive relief necessary to abate an imminent and substantial endangerment to health or the environment. The State of Connecticut, in its complaint, seeks injunctive relief to compel the performance of response actions, reimbursement of response costs incurred and to be incurred by the State for response actions in connection with the release or threatened release of hazardous substances at the SRS Site, a declaration of Settling Defendants' liability for further response costs, and damages for injury to, destruction of, or loss of Natural Resources under the trusteeship of the Commissioner of Environmental Protection for the State.

c. Solvents Recovery Service of New England, Inc. ("SRSNE") owned and operated a facility located along Lazy Lane in the Town of Southington, Hartford County, Connecticut ("SRS facility"). The SRS facility operated from 1955 to 1991, and during that time it treated, stored, reclaimed and incinerated chemical wastes. The materials handled at the SRS facility included hazardous substances within the definition of Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), hazardous wastes within the definition of Section 1004(5) of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. § 6903(5), and hazardous wastes within the definition of §§ 22a-449(c)-100 through 110 and 22a-449(c)-11 of the Regulations of the Conn. State Agencies, Conn. Gen. Stat. §§ 22a-115.

d. Pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, EPA placed the Site on the National Priorities List, set

forth at 40 C.F.R. Part 300, Appendix B, by publication in the Federal Register on September 8, 1983, 48 Fed. Reg. 40658.

e. As a result of the activities at the SRS Site, hazardous substances, hazardous wastes, pollutants and contaminants (hereinafter referred to collectively as "Waste Materials"), as those terms are defined in CERCLA or Connecticut law, have been released or are threatened to be released into the environment at or from the SRS Site. In response to such release or threat thereof, EPA commenced in the Spring of 1990, a Remedial Investigation and Feasibility Study ("RI/FS") for the Site pursuant to 40 C.F.R. § 300.430. The United States and the State of Connecticut have incurred and continue to incur response costs in responding to the release or threatened release of Waste Materials at the Site.

f. Information currently known to the Governments indicates the amount and nature of waste contributed to the Site. Information currently known to the Governments has caused the Governments to allege that each Settling Defendant arranged for disposal or treatment, arranged with a transporter for disposal or treatment, of a Waste Material owned or possessed by such Settling Defendant, or transported such Waste Material for disposal or treatment at the Site. The Governments' review of these records indicates that the amount of Waste Materials allegedly contributed to the SRS Site by each Settling Defendant does not exceed 10,000 gallons, and that the toxic or other hazardous effects of the Waste Materials allegedly contributed to the Site by each Settling Defendant individually do not

contribute disproportionately to the cumulative toxic or other hazardous effects of the Waste Materials at the Site.

g. In evaluating the settlement embodied in this Consent Decree, the Governments have considered the potential costs of remediating contamination at or in connection with the Site by comparison to remedial actions at similar Superfund sites, by taking into account possible cost overruns in completing the Remedial Action, and possible future costs if the Remedial Action is not protective of public health or the environment.

h. The Governments have identified persons, other than the Settling Defendants, who owned or operated the Site, or who the Governments believe arranged for disposal or treatment, or who arranged with a transporter for disposal or treatment, of Waste Materials owned or possessed by such person at the Site, or who accepted Waste Materials for transport to the Site. The Governments have considered the nature of their case against these non-settling parties in evaluating the settlement embodied in this Consent Decree.

i. On July 23, 1990, the United States filed a complaint in a case captioned U.S. v. Solvents Recovery Service of New England, Inc., et al., Civ. No. H-90-598 (JAC), in the United States District Court for the District of Connecticut seeking inter alia, judgment against SRS, Inc. ("SRS"), SRSNE, and Carleton Boll pursuant to Section 107 of CERCLA, 42 U.S.C. § 9607, for all response costs incurred to date by the United States in connection with the release or threatened release of

hazardous substances at the SRS facility and a declaratory judgment establishing that the defendants are jointly and severally liable for all response costs to be incurred by the United States in the future in connection with the Site. The parties have completed negotiations of a Consent Decree resolving this litigation which Decree has been signed by SRS, SRSNE, and Carleton Boll. The Decree is currently being reviewed for approval by the United States and the State.

j. In accordance with the NCP and Section 121(f)(1)(F) of CERCLA, 42 U.S.C. § 9621(f)(1)(F), EPA notified the State of Connecticut on June 12, 1992, of negotiations with Potentially Responsible Parties regarding the possibility of a de minimis settlement with Settling Defendants, pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), and EPA has provided the State with an opportunity to participate in such negotiations and to be a party to this Consent Decree.

k. In accordance with Section 122(j)(1) of CERCLA, 42 U.S.C. § 9622(j)(1), EPA notified the relevant Federal natural resource trustees on April 2, 1993, of negotiations with de minimis Potentially Responsible Parties regarding the release of hazardous substances that may have resulted in injury to the natural resources under Federal trusteeship and encouraged the trustees to participate in the negotiation of this Consent Decree. EPA has also notified relevant State natural resource trustees of the negotiations and encouraged the trustees to participate in these negotiations.

1. In December, 1992, EPA completed an Engineering Evaluation/Cost Analysis ("EE/CA") For the Site. The EE/CA evaluated several alternatives for a Non-Time Critical Removal Action at the SRS Site.

m. On April 1, 1993, EPA, pursuant to 40 C.F.R. § 300.415(a)(1), issued an Action Memorandum that selected a groundwater containment system and further studies of the Site soils as the Non-Time Critical Removal Action ("NTCRA") for the Site.

n. On October 20, 1993, EPA invited Potentially Responsible Parties ("PRPs") to perform or finance the NTCRA. On October 20, 1993, negotiations began between EPA and various PRPs to perform the NTCRA. The Parties intend that, in the event one or more persons or entities agree to perform the NTCRA: (1) a portion of the monies from this Consent Decree be paid to such persons or entities for partial funding of the NTCRA; and (2) such payment will represent an appropriate contribution by the Settling Defendants for their potential liability for the NTCRA.

o. Settling Defendants do not admit to any facts or allegations set forth in the complaints or to any liability arising out of the Site.

p. The Parties recognize, and the Court by entering this Consent Decree finds: that this Consent Decree has been negotiated by the Parties in good faith, that implementation of this Consent Decree will expedite the cleanup of the Site and will avoid prolonged and complicated litigation between the

Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the parties to this Decree, it is ORDERED, ADJUDGED, AND DECREED:

II. JURISDICTION

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345, and 42 U.S.C. §§ 6973(b), 9606, 9607 and 9613(b). This Court has pendant jurisdiction over state law claims. This Court also has personal jurisdiction over the Settling Defendants. Solely for the purposes of this Consent Decree and the underlying complaints, the Settling Defendants waive all objections and defenses that they may have to jurisdiction of the Court, or to venue in this District, and shall not challenge the entry of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

III. PARTIES BOUND

2. This Consent Decree is binding upon the United States, on behalf of EPA, the Department of the Interior ("DOI") and the National Oceanic and Atmospheric Administration ("NOAA"), the State of Connecticut, on behalf of the Connecticut Department of Environmental Protection and upon the Settling Defendants and their heirs, agents, successors and assigns. Any change in ownership or corporate or other legal status, including but not limited to any transfer of assets or real or personal property, shall in no way alter the status or responsibilities of the Settling Defendants under this Consent Decree.

IV. DEFINITIONS

3. Unless otherwise expressly provided herein, terms used in this Consent Decree which are defined in CERCLA or in regulations promulgated under CERCLA shall have the meaning assigned to them in CERCLA or in such regulations. Whenever terms listed below are used in this Consent Decree or in any appendix attached hereto, the following definitions shall apply:

a. "CERCLA" shall mean the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. §§ 9601 et seq.;

b. "Consent Decree" shall mean this Decree and any attached appendices;

c. "Day" shall mean a calendar day. In computing any period of time under this Consent Decree, where the last day would fall on a Saturday, Sunday, or Federal Holiday, the period shall run until the close of business of the next working day;

d. "DEP" shall mean the Connecticut Department of Environmental Protection and any successor departments or agencies of the State of Connecticut;

e. "DOI" shall mean the Department of the Interior and any successor departments or agencies of the United States;

f. "EPA" shall mean the United States Environmental Protection Agency and any successor departments or agencies of the United States;

g. "Federal Natural Resource Damages" shall mean damages recoverable under Section 107 of CERCLA for injury to, destruction of, or loss of any and all Natural Resources at the

Site under the trusteeship of DOI or NOAA, including the costs for damage assessments.

h. "Future Response Costs" shall mean all costs, including, but not limited to, direct and indirect costs, that EPA, the U.S. Department of Justice on behalf of EPA, or the State will incur for response actions at the Site after the date of entry of this Decree;

i. "Governments" shall mean the United States and the State of Connecticut;

j. "Interest", except where otherwise stated, shall mean interest at the rate specified for interest on investments of the Hazardous Substance Superfund established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507. In calculating the Interest, EPA may compound on a daily, monthly or annual basis. This definition does not include any interest that may accrue on any trust account established pursuant to this Consent Decree;

k. "National Contingency Plan" or "NCP" shall mean the National Oil and Hazardous Substances Pollution Contingency Plan promulgated pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, codified at 40 C.F.R. Part 300, including but not limited to any amendments thereto;

l. "Natural Resources" shall have the meaning provided in Section 101(16) of CERCLA, 42 U.S.C. § 9601(16).

m. "NOAA" shall mean the National Oceanic and Atmospheric Administration, and any successor departments or agencies of the United States;

- n. "Non-Settling PRPs" shall mean the following:
- (1) those PRPs who are not identified in Appendices A, B or C to this Consent Decree, (2) those PRPs who are identified in Appendix C to this Consent Decree but who are not signatories to this Decree; or (3) PRPs who are signatories but are later disqualified from participating in this settlement;
- o. "Paragraph" shall mean a portion of this Consent Decree identified by an Arabic numeral or a lower case letter;
- p. "Parties" shall mean the United States, the State of Connecticut, and Settling Defendants;
- q. "Past Response Costs" shall mean all costs, including, but not limited to, direct and indirect costs, that EPA, the U.S. Department of Justice on behalf of EPA, and the State of Connecticut have incurred for response actions at the Site prior to the date of entry of this Consent Decree, and accrued Interest on such costs through the date of entry of this Consent Decree;
- r. "PRP" shall mean a potentially responsible party identified by EPA for the SRS Site;
- s. "Record of Decision" or "ROD" shall mean the EPA Record(s) of Decision relating to the Site;
- t. "Remedial Action" shall mean response actions at the Site to be identified in forthcoming Record(s) of Decision;
- u. "RCRA" shall mean the Solid Waste Disposal Act, 42 U.S.C. §§ 6901 et seq., also known as the Resource Conservation and Recovery Act;

v. "Section" shall mean a portion of this Consent Decree identified by a Roman numeral;

w. "Settling Defendants" shall mean the following:

(1) those de minimis PRPs identified in Appendix A to this Consent Decree, who have signed this Consent Decree, made payments required by Subparagraph 5.b, and who are not disqualified from participating in this settlement ("Settling PRPs"); (2) those de minimis PRPs who are agencies or departments of a state government, who have signed this Consent Decree, are identified in Appendix B to this Consent Decree, and who are not disqualified from participating in this settlement ("Settling State Agencies"); and (3) those de minimis PRPs who are agencies or departments of the United States who have signed this Consent Decree, are identified in Appendix B to this Consent Decree, and who are not disqualified from participating in this settlement ("Settling Federal Agencies");

x. "Site" shall mean the Solvents Recovery Service Superfund Site or SRS Site, encompassing at least 45 acres, located on Lazy Lane, in the Township of Southington, Hartford County, Connecticut, and including the areal extent of contamination and all other areas necessary for implementation of response actions, and depicted generally on the map included in Appendix D to this Consent Decree;

y. "SRSNE Site PRP Group" shall mean the PRP Steering Committee established pursuant to an agreement entitled "Solvents Recovery Service of New England, Inc. ("SRSNE") Site PRP Agreement."

z. "State" shall mean the State of Connecticut;

aa. "State Natural Resource Damages" shall mean damages recoverable under Section 107 of CERCLA and Conn. Gen. Stat. § 22a-6a for injury to, destruction of, or loss of any and all Natural Resources at the Site under the trusteeship of the State, including the costs for damage assessments.

ab. "State Response Costs" shall mean all costs, including, but not limited to, direct and indirect costs, together with accrued interest that the State of Connecticut has incurred or will incur in response to the release or threatened release of hazardous substances at or in connection with the Site, but not including amounts reimbursed to the State by EPA;

ac. "United States" shall mean EPA, DOI, and NOAA, and the U.S. Department of Justice acting on behalf of EPA, DOI, and NOAA.

ad. "Waste Material" shall mean (a) any "hazardous substance" under Section 101(14) of CERCLA, 42 U.S.C. § 9601(14); (2) any pollutant or contaminant under Section 101(33), 42 U.S.C. § 9601(33); (3) any "hazardous waste" under Section 1004(5) of RCRA, 42 U.S.C. § 9603(5); (4) any "hazardous waste" under Sections 22a-449(c)-100 through 22a-449(c)-110, and Section 22a-449(c)-11 of the regulations of Connecticut State Agencies and Conn. Gen. Stat. § 22a-115.

V. STATEMENT OF PURPOSE

4. In entering into this Consent Decree, the mutual objectives of the Governments and the Settling Defendants are:

a. to reach a final settlement between the Governments and the Settling Defendants in this case which allows the Settling Defendants to make a cash payment to settle their alleged liabilities for Past and Future Response Costs, including claims for Federal and State Natural Resource Damages, in exchange for a release from further civil liabilities for such costs in connection with the Site, thereby avoiding difficult, prolonged and complicated litigation among the Governments, the Settling Defendants, and other persons;

b. to simplify the remaining enforcement activities concerning the SRS Site by eliminating a substantial number of parties from further involvement at the Site; and

c. to raise revenues from the settlement with the Settling Defendants commensurate with their potential liabilities, for the purposes of:

(1) reimbursing the Governments for each Settling Defendant's share of Past and Future Response Costs at the SRS site;

(2) reducing the alleged potential liabilities of the Non-Settling PRPs but without waiving the Governments' assertion of joint and several liability against non-settlers or against parties who are either currently ineligible to participate in this settlement or against parties who are later found ineligible to participate in this settlement pursuant to Paragraphs 32 through 34 of this Consent Decree; and

(3) assisting in funding the Non-Time Critical Removal Action and/or such other removal or remedial activities as are consistent with the National Contingency Plan.

VI. PAYMENT OF RESPONSE COSTS BY SETTLING DEFENDANTS

5. Cash Payments by Settling Defendants.

a. **Establishment of Trust for Cash Payments.** The Settling Defendants' payments under this Consent Decree shall be made to the SRS Superfund Site Early ~~De Minimis~~ Settlement Trust ("Trust"). The Trust shall be governed and managed pursuant to the Declaration of Trust, set forth in Appendix F, and incorporated into this Consent Decree. The payments made under the Consent Decree are to reimburse EPA and DEP for Past and Future Response Costs, and to resolve claims for Federal and State Natural Resource Damages. The Governments shall, in accordance with the attached Declaration of Trust, make available a portion of the payments received hereunder to non-settling potentially responsible parties at the Site under certain circumstances, including that separate settlements are reached in connection with the implementation of response actions at the Site, including but not limited to, implementation of the NTCRA, and implementation of the Remedial Action at the Site.

b. **Payments To Trustee By Settling Defendants.**

(1) **Payment By Settling PRPs.** Each Settling PRP shall, by June 3, 1994, remit to the Trustee for the Trust a fully and properly executed original signature page for this Consent Decree, and the payment specified for that Settling

PRP in Appendix C. A copy of the executed signature page and check evidencing payment shall, simultaneously, be sent to EPA as provided in Paragraph 40, below.

(2) Payments by Settling PRPs in Installments.

Each Settling PRP who is unable, without undue financial hardship, to pay the sum specified for that Settling PRP in Appendix C, shall, by June 3, 1994, remit to the Trustee for the Trust: (a) a fully and properly executed original signature page for this Consent Decree; (b) a fully and properly executed original Certification of Financial Hardship in the form provided as Appendix G; and (c) one half (1/2) of the total payment specified for that Settling PRP in Appendix C. Each such Settling PRP shall, by June 3, 1995, remit to the Trustee for the Trust the remaining one half (1/2) of the total payment specified for that Settling PRP in Appendix C, plus interest accrued on such remaining payment at a rate of eight and three quarters percent (8.75%). A copy of the executed signature page, Certification of Financial Hardship and check evidencing payment shall, simultaneously, be sent to EPA as provided in Paragraph 40, below.

(3) EPA retains the discretionary and unreviewable authority to extend in writing the deadline for submitting signature pages, certifications and payments by individual Settling PRPs.

(4) Signature Pages for Settling State Agencies.

Within a reasonable time after receipt of this Consent

Decree, but no later than August 3, 1994, each Settling State Agency shall send to the Trustee a fully and properly executed original signature page for this Consent Decree.

(5) Certifications by Settling Federal Agencies.

Within a reasonable time after receipt of this Consent Decree, but no later than August 3, 1994, each Settling Federal Agency shall send to the Trustee a fully and properly executed certification of eligibility for this Consent Decree. Said certification of eligibility shall contain substantially the provisions of Section XI (Certification) of this Consent Decree.

(6) Payment by Settling Agencies. Within a reasonable time after entry of this Consent Decree, but not to exceed six months after entry of this Decree, each Settling Federal and State Agency shall transfer to the Trustee or have transferred on its behalf the payment specified for that Settling Agency in Appendix C.

(7) Copies of all executed signature pages, certifications, and checks evidencing payment shall, at the same time they are transmitted to the Trustee, be sent to EPA as provided in Paragraph 40, below.

c. Calculation of Payments. The payments specified in Appendix C are calculated as follows:

(1) Each payment is calculated based on the Settling Defendant's percentage share of the volumes attributable to all PRPs at the Site, plus the Settling Defendant's percentage share of the volumes attributable to

PRPs at the Site who are bankrupt, who have been dissolved or who could not be located ("Orphan Share"), collectively, the "Volumetric Share".

(2) Each payment includes a base settlement amount of \$1,000 for the purpose of off-setting transaction costs incurred in connection with the participation in this settlement by each de minimis PRP plus an amount which is based on the Settling Defendant's Volumetric Share times the total projected response costs at the Site, and the total projected Federal Natural Resource Damages at the Site, which collectively are 73,740,665;

(3) Each payment includes a 153% premium to take into account possible cost overruns in completing the Remedial Action, possible additional future costs if the Remedial Action taken is determined to be not protective of public health and the environment, and possible additional Federal Natural Resource Damages at the Site;

(4) A number of Settling Defendants have not paid their administrative fee to the SRSNE Site PRP Group which has reduced the United States' ability to coordinate the negotiations regarding this de minimis settlement through the SRSNE Site PRP Group, and has thereby caused the United States to incur additional costs in negotiating this settlement. Each payment by each Settling Defendant who contributed more than 100 gallons to the Site and who has not paid its administrative fee to the SRSNE Site PRP Group as of April 1, 1994, includes an additional charge of \$200.

This charge represents each such Settling Defendant's share of the estimated additional transaction costs incurred by the United States in negotiating this settlement;

d. Deposit of Funds Into Subaccounts.

(1) The first \$2,379,438 received from the Settling Parties shall be deposited into a subaccount of the Trust known as the "Past Costs/Natural Resource Damages Subaccount".

(2) Any amounts received from the Settling Parties in excess of \$2,379,438 shall be deposited into a subaccount of the Trust known as the "Future Costs Subaccount".

6. Payments From the Trust.

a. Except as otherwise provided herein, all payments from the Trust shall be made to the United States and to the State in accordance with the Declaration of Trust attached hereto.

b. The funds in the Trust shall be used solely:

(1) for payment of taxes and expenses incurred by the Trust as provided in Subparagraph 6.d; (2) for refunds pursuant to Subparagraphs 6.f and 6.g; (3) for returned payments pursuant to Paragraph 9; (4) to reimburse the Governments for Past or Future Response Costs; (5) for reimbursement of necessary costs of response pursuant to Subparagraph 48.b, and/or (6) for funding of future response actions at the Site.

c. Any refunds made pursuant to Subparagraph 6.g, or returned payments made pursuant to Paragraph 9, shall be made

first from the funds in the Future Costs Subaccount. If no funds remain in the Future Costs Subaccount, such refunds and returned payments shall be made from the Past Costs/Natural Resource Damages Subaccount.

d. Interest, Expenses and Taxes of the Trust.

(1) The interest or other income earned on the principal in the Past Costs/Natural Resource Damages Subaccount will be used to pay the taxes incurred by such subaccount. The remaining interest or income earned on the principal in the Past Costs/Natural Resource Damages Subaccount shall be paid into or remitted to such subaccount and may not be used to pay the expenses of the Trust, including, without limitation, the initial acceptance fee, administration fees, legal expenses, transaction fees, taxes incurred by any other subaccount, including the Future Costs Subaccount, tax filing fees, and other miscellaneous expenses.

(2) The interest or other income earned on the principal in the Future Costs Subaccount will be used to pay the expenses of the Trust, including, without limitation, the initial acceptance fee, administration fees, legal expenses directly related to, and reasonably necessary for, the management of the Trust, transaction fees, taxes incurred by the Future Costs Subaccount, tax filing fees, and other miscellaneous expenses. The remaining interest or income earned on the principal in the Future Costs

Subaccount will remain in such Subaccount to be used for future response actions at the Site.

e. No provision of the Consent Decree shall be interpreted as or constitute a commitment or requirement that Settling Federal Agencies obligate or pay funds in contravention of the Anti-Deficiency Act, 31 U.S.C. § 1341.

f. Refunds from the Trust. In the event that:

(1) the Governments do not sign this Decree; (2) the United States formally withdraws its consent to the entry of this Decree after the Decree has been lodged, pursuant to Paragraph 42; (3) the State formally withdraws its consent to the entry of this Decree after the Decree has been lodged, the Court consents to this withdrawal from this Consent Decree, pursuant to Paragraph 42 and the United States determines not to go forward with the Decree; or (4) a final judicial determination is made that the Decree will not be approved and entered, then the Trustee shall, within thirty days of receipt of notice of such event from the United States, refund the Settling Defendants' payment(s). Any refunds made under this subparagraph shall include the interest accrued on the payment, if any, minus a per capita share of the costs of administering the Trust to that date and taxes payable by the Trust.

g. Refunds to Individual Settling Defendants. If at any time prior to entry of this Decree, (i) new information shows that a Settling Defendant sent Waste Material to the Site for treatment or disposal in excess of 10,000 gallons; or (ii) EPA determines based on new information that a Settling Defendant's

Waste Material disproportionately contributed to the cumulative toxic or other hazardous effects of the waste at the Site, such Settling Defendant shall be disqualified from participation in this Settlement, and the Trustee shall, within thirty days of receipt of written notification by EPA of such disqualification, refund such Settling Defendant's trust payment. If at any time prior to the Trustee's payment pursuant to Paragraph 12 of the Declaration of Trust, this Decree is voided with respect to a Settling Defendant pursuant to Paragraphs 32 through 34, below, then the Trustee shall refund such Settling Defendant's payment. Any refunds made under this subparagraph shall include the interest accrued on the payment, if any, minus a per capita share of the costs of administering the Trust to that date and taxes payable by the Trust.

7. Benefit to Performing Parties and Non-Performing Parties. To the extent that funds in the Trust are not paid to EPA or the State, but are instead paid to any person(s) or entity(ies) who have agreed or will agree to perform response action(s) ("Performing Parties") at the Site pursuant to agreement(s) with EPA and/or the State, such payments: (a) inure to the benefit of the Performing Parties because the payments reduce the amount of response costs that the Performing Parties have incurred or will incur; and (b) inure to the benefit of all Non-Settling PRPs at the Site who do not agree to perform response actions at the Site ("Non-Performing Parties") because the payments decrease the Performing Parties' response costs and thereby reduce the extent of their CERCLA Section 113(f)

contribution claims against the Non-Performing Parties and thereby reduce the amount of response costs that Non-Performing Parties may be liable for at the Site. Any payment(s) of funds in the Trust to the Performing Parties for partial funding of the response action(s) being performed by the Performing Parties represents an appropriate contribution by the Settling Defendants for their potential liability for such response action(s).

VII. FAILURE TO MAKE TIMELY PAYMENTS

8. Except as provided in Paragraph 18, below, if a Settling Defendant fails to remit its specified payment to the Trustee by the dates specified in Subparagraph 5.b, above, then that Settling Defendant shall pay stipulated penalties to the United States of \$250 per day for each day that the payment is late.

9. Alternatively, except as provided in Paragraph 18, below, if a party fails to submit its specified payment to the Trustee by the dates specified in Subparagraph 5.b, above, the United States may determine, in its sole and unreviewable discretion, that such party is disqualified from participating in the Settlement. The Trustee shall promptly return the signature page and payment (if any) submitted by any party who the United States determines is disqualified from participating in this Settlement.

10. Penalties shall begin to accrue from the day when payment is due to the Trustee by a Settling Defendant and shall continue to accrue through the final day of the noncompliance, (e.g. when all payments, interest, and stipulated penalties are

paid in full). Penalties shall accrue from the date of violation regardless of whether the United States or the Trustee have notified the Settling Defendants of a violation. Separate penalties shall accrue for each separate failure or refusal to comply with the terms or conditions of this Consent Decree.

11. All penalties due to the United States under this Section shall be payable within thirty (30) days of the Settling Defendant's noncompliance.

12. Interest on penalties shall begin to accrue on the unpaid balance at the end of thirty (30) days, at the rate established by the Department of the Treasury under 31 U.S.C. § 3717. The Settling Defendant owing the penalty shall pay a handling charge of one (1) percent to be assessed at the end of each thirty (30) day late period, and a six (6) percent per annum penalty charge to be assessed if the penalty is not paid within ninety (90) days after it is due.

13. Stipulated penalties due to the United States shall be paid by certified check for the total amount due, made payable to "EPA Hazardous Substances Superfund", and shall be mailed to:

EPA Region I
Attn: Superfund Accounting
P.O. Box 360197M
Pittsburgh, PA 15251

Copies of the checks and any transmittal letters shall be sent to the Parties as provided in Paragraph 40.

14. If any Settling Defendant fails to pay stipulated penalties, the Governments may institute a proceeding against such Settling Defendant to collect the penalties, as well as late charges and interest.

15. Notwithstanding the stipulated penalties provisions of Paragraphs 8 through 14, the Governments may also assess civil penalties and bring an action in the U.S. District Court pursuant to Sections 109 and 122 of CERCLA, 42 U.S.C. §§ 9609 and 9622, and state law, to enforce the provisions of this Consent Decree.

16. If the United States or the State brings an action to collect any payment required by this Consent Decree, the Settling Defendant who is determined in such proceeding to have failed to make payment due under this Consent Decree shall reimburse the United States and the State for all costs of such action, including but not limited to, attorney's fees.

17. Payment of stipulated penalties shall not preclude the Governments from pursuing any other remedy or sanction to enforce this Consent Decree, and nothing shall preclude the Governments from seeking statutory penalties against Settling Defendants for violations of statutory or regulatory requirements.

18. Settling State Agencies that demonstrate to the United States' satisfaction that they are prohibited by law from agreeing to pay stipulated penalties are not subject to this Section. Settling Federal Agencies also are not subject to this Section.

VIII. GOVERNMENTS' COVENANT NOT TO SUE

19. The Governments have determined that the payments by each of the Settling Defendants under this Consent Decree represent a fair, reasonable and equitable settlement of any civil liability that the Settling Defendants may have for reimbursement of Past and Future Response Costs, Federal and

State Natural Resource Damages, and for injunctive relief relating to the SRS Site available: To the United States under Section 106 of CERCLA, as amended, 42 U.S.C. § 9606 and Section 7003 of RCRA, 42 U.S.C. § 6973; and to the State under Conn. Gen. Stat. §§ 22a-6(a) and Section 7002 of RCRA, 42 U.S.C. § 6972. Subject to the reservations of rights in Paragraphs 20 through 22, and 26 of this Consent Decree, upon payment of all amounts specified in Paragraphs 5 through 8, 12, 15, and 16, of this Consent Decree, and upon payment of all funds out of the Trust as provided in Paragraphs 8 through 12 of the Declaration of Trust, and in consideration of said payments, the United States covenants not to sue or to take any other civil or administrative action against any of the Settling Defendants pursuant to Sections 106 and 107 of CERCLA, as amended, 42 U.S.C. §§ 9606 and 9607, for reimbursement of Past and Future Response Costs, implementation of the NTCRA and implementation of the Remedial Action at the Site, and for Federal Natural Resource Damages at the Site, and for injunctive relief relating to the Site under Section 7003 of RCRA, 42 U.S.C. § 6973. The State of Connecticut covenants not to sue or to take any other civil or administrative action against any of the Settling Defendants pursuant to Section 107 of CERCLA, as amended, 42 U.S.C. § 9607, and Conn. Gen. Stat. §§ 22a-6, 22a-6(a), 22a-226(b), 22a-451 and 22a-133g, Connecticut common law or the statutes of Connecticut for reimbursement of Past and Future Response Costs at the SRS Site, State Natural Resource Damages and for injunctive relief relating to the Site. These covenants not to sue extend only to the Settling Defendants

listed in Appendices A and B who have executed this Consent Decree, paid the settlement amounts set forth in Appendix C, whose signature page and payment has been accepted by the Trustee, and who are not disqualified from participation in this settlement, and do not extend to any other person.

20. The covenants not to sue set forth in Paragraph 19, above do not pertain to any matters other than those expressly specified in such paragraph. The Governments reserve, and this Consent Decree is without prejudice to, all rights against each Settling Defendant with respect to all other matters, including but not limited to:

- a. claims against Settling Defendants based on their failure to make payments in accordance with the requirements of this Consent Decree;

- b. liability arising from the past, present, or future disposal, release, or threat of release of any Waste Materials outside of the SRS Site;

- c. liability for the disposal of any Waste Materials taken from the Site prior to the entry of this Consent Decree;

- d. any criminal liability;

- e. liability for future disposal by any Settling Defendant of any Waste Material at the Site; and

- f. liability for violation of any law.

21. Notwithstanding any other provision of this Consent Decree, the Governments retain all authority and reserve all rights to take any and all response actions authorized by law.

22. Nothing in this Consent Decree shall preclude EPA from exercising any or all of its authority pursuant to 42 U.S.C. §§ 9604(e) and 9622(e)(3)(B), or DEP from exercising any or all of its equivalent authority.

IX. DEFENDANTS' COVENANTS NOT TO SUE

23. Settling Defendants hereby covenant not to sue and agree not to assert any claims against the United States, any other federal agencies or departments, the EPA Hazardous Substances Superfund, or the State of Connecticut, or any agency or department of the State of Connecticut with respect to the SRS Site and this Consent Decree, including, but not limited to:

a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507), under Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612 or 9613, or any other provision of law; or any direct or indirect claim against the State or any agency or department of the State pursuant to Conn. Gen. Stat. § 22a-452;

b. any claims arising under the Equal Access to Justice Act, 28 U.S.C. § 2412;

c. any claims pursuant to CERCLA Sections 107 and 113 related to Past Response Costs, Future Response Costs, oversight costs, or Federal or State Natural Resource Damages; and

d. any claim arising out of response activities at the SRS Site.

24. Nothing in this Consent Decree shall be deemed to constitute a preauthorization of a Claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

25. The Settling Defendants reserve, and this Consent Decree is without prejudice to, actions against the United States or the State based on negligent actions taken directly by the United States (not including oversight or approval of plans or activities of persons performing response actions at the Site) or the State, respectively, that are brought pursuant to any statute other than CERCLA and for which the waiver of sovereign immunity, and as to the State, constitutional or other immunity, is found in a statute other than CERCLA.

X. EFFECT OF SETTLEMENT: CONTRIBUTION PROTECTION

26. The Governments and the Settling Defendants intend that nothing in this Consent Decree shall be construed as a release or as a covenant not to sue any person, firm, or corporation or other entity not a signatory to this Decree. The Governments and the Settling Defendants expressly reserve all claims, demands and causes of action, either judicial or administrative, past or future, in law or equity, against any person or entity who is not a Settling Defendant under this Consent Decree for any matter arising at or in connection with the SRS Site.

27. The Governments agree that the amounts paid by the Settling Defendants shall reduce the potential liability of the other PRPs. The Settling Defendants shall be entitled to protection from actions for contribution and shall not be liable

for claims for contribution, to the extent provided by Section 122(g)(5) of CERCLA, 42 U.S.C. § 9622(g)(5). With respect to claims brought solely under State law, the Settling Defendants shall be entitled to protection from actions for contribution and shall not be liable for claims for contribution, to the extent provided by law.

28. Each Settling Defendant agrees that with respect to any suit or claim for contribution brought by it for matters related to this Consent Decree it will notify, in writing, the United States and the State of Connecticut no later than sixty (60) days prior to the initiation of such suit or claim. Each Settling Defendant also agrees that with respect to any suit or claim for contribution brought against it for matters related to this Consent Decree, it will notify in writing the United States and the State within fifteen (15) days of service of the complaint on them. In addition, each Settling Defendant shall notify the United States and the State of Connecticut within ten (10) days of service or receipt of any Motion for Summary Judgment and within ten (10) days of receipt of any order from a court setting a case for trial for matters related to this Consent Decree.

29. In any subsequent administrative or judicial proceeding initiated by the United States or the State for injunctive relief, recovery of response costs, or other appropriate relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that

the claims raised by the United States or the State of Connecticut in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the covenants not to sue set forth in Paragraphs 19 and 27, above.

XI. CERTIFICATION

30. Each Settling Defendant hereby individually certifies that it has not altered, mutilated, discarded, destroyed or otherwise disposed of any records, documents, or other information relating to its potential liability regarding the Site since notification of potential liability by the United States, or the State, or the filing of suit against it regarding the Site and that it has fully complied with any and all EPA requests for information pursuant to Sections 104(e) and 122(e) of CERCLA. By signing this Consent Decree, Settling Defendants acknowledge that providing false, fictitious, or fraudulent statements or representations to the United States is punishable pursuant to 18 U.S.C § 1001.

31. Without admitting that any of its wastes were shipped to the SRS Site or that any wastes shipped to the SRS Site constitute Waste Materials within the meaning of this Consent Decree or applicable law, each Settling Defendant hereby certifies, to the best of its knowledge and belief, the following:

a. With respect to each Settling Defendant's share:

(1) the Settling Defendant listed in Appendix A or B has reviewed the information regarding the Settling

Defendant's alleged connection and contribution to the SRS Site which is the basis for the percentage of Waste Material allocated to such Settling Defendant in Appendix C, and believes that such information is materially true and accurate with respect to the nature and amount of waste that the Settling Defendant contributed to the SRS Site, with respect to the chemical composition and constituents of such waste, and with respect to the toxic or other hazardous effects of such waste; and

(2) The Settling Defendant listed in Appendix A or B has provided to the Governments all information (if such information has been requested by EPA) in its possession, or in the possession of its officers, directors, employees, contractors, agents or assigns, that relates in any way to the generation, treatment, transportation, storage or disposal of such Waste Materials at or in connection with the SRS Site, and believes that such information is materially true and correct with respect to the nature and amount of waste that the Settling Defendant contributed to the SRS Site, with respect to the chemical composition and constituents of such waste, and with respect to the toxic or other hazardous effects of such waste; and

b. Each Settling Defendant certifies that, after reasonable inquiry, it neither possesses nor knows of other documents or information which would show:

(1) that the Settling Defendant has contributed a greater volume of Waste Material to the Site than is indicated by Appendix C; or

(2) that the Settling Defendant has contributed Waste Material to the Site possessing different chemical nature or constituents, or possessing more toxic or other hazardous effects than is indicated by the information provided.

c. Each Settling Defendant further certifies that after reasonable inquiry it has calculated the volume of the Waste Material it contributed, and that if this calculation results in a volume which exceeds the volume attributed to it in Appendix C, but its volume still does not exceed 10,000 gallons sent to the Site, it will declare this discrepancy in Appendix E and pay for the additional volume using the formula described in Appendix E. Each Settling Defendant who discovers a discrepancy shall, by June 3, 1994, submit: (1) the declaration of the discrepancy to the Trustee and to EPA; and (2) the additional payment to the Trustee for deposit into the Trust.

32. Should any Settling Defendant discover or come to possess, after the execution of this settlement, information that shows the volume of Waste Material it contributed to the SRS Site is greater than the amount to which it certified, but the total volume it contributed to the SRS Site does not exceed 10,000 gallons, the Settling Defendant shall declare the discrepancy on Appendix E or in the same format as Appendix E, promptly submit such declaration to the Trustee and EPA, and pay for the

additional volume using the formula described in Appendix E, plus an additional two (2) percent of the new total payment attributed to it as a late payment. Such payment shall be made to the Trust following the procedures set forth in Subparagraph 5.b. Should the Trust no longer be in existence, such payment shall be made to the United States in accordance with the procedures set forth in Paragraph 13 and shall be used for reimbursement of Past Response Costs. If such Settling Defendant fails to pay the discrepancy within forty-five (45) days from discovery of this discrepancy, the covenant not to sue provided in Paragraphs 19 and 27, above, shall be null and void as to that Settling Defendant.

33. Nothing in this Consent Decree constitutes a covenant not to sue or to take action or otherwise limits the ability of the Governments to seek or obtain further relief from any Settling Party and this agreement and the covenants not to sue in Paragraphs 19 and 27, above, of this Consent Decree are null and void, if the Settling Defendant has made any material misrepresentations in the certifications made pursuant to Paragraphs 30 and 31 of this Consent Decree.

34. Nothing in this Consent Decree constitutes a covenant not to sue or to take action or otherwise limits the ability of the Governments to seek or obtain further relief from any Settling Party and this agreement, and the provisions of Paragraphs 19 and 27, above, shall become null and void as to any Settling Defendant, if, after entry of this Consent Decree, either of the following occurs:

a. new information shows that the Settling Defendant sent Waste Material to the Site in excess of 10,000 gallons; or

b. new information shows that the Settling Defendant's Waste Material disproportionately contributed to the cumulative toxic or other hazardous effects of the waste at the Site.

35. Failure to satisfy any of the requirements of this Section shall void the Governments' covenants not to sue set forth in Paragraphs 19 and 27, above.

XII. RETENTION OF RECORDS

36. Except as provided in Paragraph 37, below, until five (5) years and three (3) months after the entry of this Consent Decree, each Settling Defendant shall preserve and retain all records and documents now in its possession or control or which come into its possession or control that relate in any manner to response actions taken at the Site or the liability of any person for response actions conducted and to be conducted at the Site, regardless of any corporate retention policy to the contrary.

37. The document retention period specified in Paragraph 36 shall continue for an additional two (2) years for each Settling Defendant who did not own or possess the Waste Material such Settling Defendant sent to the Site.

38. On the Fifth (5th) and Seventh (7th) anniversary of the date of entry of this Consent Decree, Settling Defendants shall, through an authorized representative, notify EPA and the State, pursuant to Paragraph 40, below, of the impending expiration of the document retention periods specified in Paragraphs 36 and 37.

Such notification shall include a copy of this Consent Decree, together with the appendices, and the date of expiration of the document retention period. Each Settling Defendant hereby appoints on its behalf American Environmental Consultants, P.O. Box 310, Mont Vernon, New Hampshire 03057, to provide the notification required under this Paragraph.

39. At any time during the document retention periods, and upon request by the United States or the State, Settling Defendants shall deliver any records or documents covered by Paragraph 36 to EPA or the State.

a. Settling Defendants may assert that certain documents, records, and other information requested pursuant to this Paragraph are privileged under the attorney-client privilege or any other privilege recognized by federal or Connecticut law. If Settling Defendants assert such a privilege, they shall provide the Governments with the following: (1) the title of the document, record, or information; (2) the date of the document, record, or information; (3) the name and title of the author of the document, record, or information; (4) the name and title of each addressee and recipient; (5) a description of the subject of the document, record, or information; and (6) the privilege asserted. However, no documents, reports, or other information created or generated pursuant to the requirements of this or any other Consent Decree with the United States shall be withheld on the grounds that they are privileged. If a claim of privilege applies only to a portion of a document, the document shall be provided to the Governments in redacted form to mask the

privileged information only. Settling Defendants shall retain documents claimed as privileged until the issues regarding privilege have been resolved.

b. No claim of confidentiality shall be made with respect to any data, including, but not limited to, all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, or engineering data, or any other documents or information evidencing conditions at or around the Site.

XIII. NOTICES AND SUBMISSIONS

40. Except where otherwise specified, whenever, under the terms of this Consent Decree, notice is required to be given or a document is required to be sent by one Party to another, it shall be directed to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Parties in writing. Written notice as specified herein shall constitute complete satisfaction of any written notice requirement of the Consent Decree with respect to the United States, EPA, the State of Connecticut, the SRSNE Site PRP Group and the Settling Defendants, respectively.

XIV. RETENTION OF JURISDICTION

41. This Court shall retain jurisdiction of this matter for the purpose of enforcing the terms of this Consent Decree.

XV. ADMINISTRATIVE PROVISIONS REGARDING DECREE

42. Lodging of Decree. This Consent Decree shall be lodged with the Court and subject to a thirty (30) day public comment period consistent with Section 122(d)(2) of CERCLA, 42 U.S.C. § 9622(d)(2), and 28 C.F.R. 50.7. Settling Defendants hereby waive any objections to the Consent Decree based on any errors in any public notice regarding the Consent Decree. The

United States reserves the right to withdraw or withhold its consent to the Consent Decree if comments received disclose facts or considerations which show that the Consent Decree is inappropriate, improper or inadequate. The State may withdraw or withhold its consent to the entry of this Consent Decree if comments received disclose facts or considerations which show that the Consent Decree violates state law. The United States reserves the right to challenge in Court the State withdrawal from the Consent Decree, including the right to argue that the requirements of state law have been waived, pre-empted or otherwise rendered inapplicable by federal law. The State reserves the right to oppose the United States' position taken in opposition to the proposed withdrawal. In addition, in the event of the United States' withdrawal from this Consent Decree, the State reserves its right to withdraw from this Consent Decree. Settling Defendants consent to the entry of this Consent Decree without further notice.

43. If for any reason this Court should decline to approve this Consent Decree in the form presented, this agreement is voidable at the sole discretion of any Party and the terms of the agreement may not be used as evidence in any litigation between the Parties.

44. Effective Date. Except as otherwise provided herein, the effective date of this Consent Decree shall be the date this Consent Decree is entered by the Court.

45. Modifications to Decree. Except as expressly provided elsewhere in this Decree, no modifications shall be made to this

Consent Decree without the written notification to and written approval of all Parties to this Consent Decree. Non-material modifications shall thereafter become effective upon filing with the Court. Any material modifications shall become effective upon filing and approval by the Court. The notification required by this Section shall set forth the nature of and reasons for the requested modification. Nothing in this Section shall be deemed to alter the Court's power to supervise, modify or enforce this Consent Decree.

46. Appendices. The following appendices are attached to and incorporated in this Consent Decree:

- | | |
|------------|---|
| Appendix A | List of Settling PRPs |
| Appendix B | List of Settling State Agencies and Settling Federal Agencies |
| Appendix C | List of all Potentially Responsible Parties who the Government believes sent less than 10,000 gallons of Waste Materials to the Site, and whose wastes did not contribute disproportionately to the cumulative toxic or other hazardous effects of the Waste Materials at the Site, and the amounts to be paid in settlement by each party. |
| Appendix D | Map of the Site |
| Appendix E | Declarations of Discrepancies |
| Appendix F | Declaration of Trust for the SRS Site Early De Minimis Settlement Trust |
| Appendix G | Form of Certification of Substantial Financial Hardship |

XVI. SIGNATORIES/SERVICE

47. The undersigned representatives of each Settling Defendant to this Consent Decree, the Assistant Attorney General for the Environment and Natural Resources Division of the United

States Department of Justice, and the Assistant Attorney General for the Office of the Attorney General of the State of Connecticut each certify that he or she is fully authorized to enter into the terms and conditions of this Consent Decree and to execute and legally bind such Party to this document.

48. Agents for Service of Process

a. Each Settling Defendant hereby appoints on its behalf American Environmental Consultants, P.O. Box 310, Mont Vernon, New Hampshire 03057, ("Agent") to accept service of any and all complaints, summonses, consent decrees, modifications, motions, and any documents filed therewith served by or on behalf of the United States, the State, or both, relating to the Site and in connection with this action. This appointment shall be terminated only upon written notice to Agent with a copy to Chief, Environmental Enforcement Section, U.S. Department of Justice, P.O. Box 7611, Ben Franklin Station, Washington, D.C. 20044 and referencing DOJ No. 90-7-1-23C.

b. The reasonable expenses, not to exceed \$20,000, incurred by the Agent in copying the documents identified in Subparagraph 48.a and distributing such documents to Settling Defendants shall be deemed to be a necessary cost of response pursuant to Section 107(a)(4)(B) of CERCLA and may be reimbursed by the Trustee from the assets in the Trust upon written request to the Trustee. A copy of the request for reimbursement shall be provided to EPA pursuant to Paragraph 40.

c. Each Settling Defendant shall identify, on the attached signature page, the name, address, and telephone number

of an agent who is authorized to accept service of process by mail on behalf of that Party with respect to all matters, other than those matters identified in Subparagraph 48.a, above, arising under or relating to this Consent Decree.

d. Each Settling Defendant who does not wish to be sent copies of the documents listed in Subparagraph 48.a, above, by the Agent shall so specify on the attached signature page. Any Settling Defendant who fails to so specify will receive copies of the documents listed in Subparagraph 48.a.

49. Upon approval and entry of this Consent Decree by the Court, this Consent Decree shall constitute a final judgment between and among the United States, the State and the Settling Defendants. The Court finds that there is no just reason for delay and therefore enters this judgment as a final judgment under Fed. R. Civ. P. 54(b). The Court also finds that this Consent Decree was entered into in good faith, that it is a fair and equitable settlement, and that entry of this Decree is in the public interest and consistent with the purposes of CERCLA and applicable environmental protection laws of the State.

SO ORDERED THIS _____ DAY OF _____, 19__.

United States District Judge

THE UNDERSIGNED PARTIES enter into this Consent Decree in the matter of U.S. & The State of Connecticut v. A.F. Murphy Die & Machine C Inc., ET AL., relating to the Solvents Recovery Service of New England Superfund Site.

A.F. MURPHY DIE & MACHINE CO.,
INC., ET AL.,

Defendants.

Civ. Nos. _____

and _____

NOTICE OF LODGING OF CONSENT DECREE

The United States hereby notifies the Court that a Consent Decree resolving the litigation in this matter is being lodged in the captioned action. Pursuant to 28 C.F.R. § 50.7, this Consent Decree must be lodged with the Court for at least thirty days before entry, in order to provide an opportunity for public comment.

Notice of the lodging of this Consent Decree will be published in the Federal Register in the near future, indicating that the Department of Justice will receive comments for a period of thirty days. After the public comments are evaluated, they will be filed with the Court. If the United States continues to consent to this decree, it will move the Court for final approval

ORAL ARGUMENT NOT REQUESTED

and entry. Entry of this decree would resolve all claims asserted in this case.

WHEREFORE, the United States requests that the Court receive the attached Consent Decree for lodging only.

Respectfully submitted,

LOIS J. SCHIFFER
Acting Assistant Attorney General
Environment and Natural Resources
Division

9-28-94

Defendants.

The United States of America, by authority of the Attorney General of the United States, through the undersigned attorneys, and acting at the request of the Administrator of the United States Environmental Protection Agency ("EPA"), the Secretary of the Interior and the Secretary of Commerce, files this complaint and alleges as follows:

Statement of the Case

1. This is a civil action brought pursuant to Sections 106, 107 and 113 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. §§ 9606, 9607 and 9613, and Section 7003 of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. § 9673. The United States seeks to recover costs which have been and will be incurred by the plaintiff under Section 104 of CERCLA, 42 U.S.C. § 9604, in connection with conducting actions in response to the release or threatened release of hazardous substances at or from the Solvents Recovery Service of New England, Inc. Superfund Site (the "Site") located in the Town of Southington, Connecticut. The United States also seeks to recover damages for injury to, destruction of,

or loss of natural resources under the trusteeship of the Secretary of the Interior, and the Secretary of Commerce, through the National Oceanic and Atmospheric Administration, including the reasonable costs of assessing such injury, destruction, or loss, at the Site. Pursuant to Section 113(g)(2) of CERCLA, 42 U.S.C. § 9613(g)(2), the United States also requests that the Court enter a declaratory judgment that the defendants are liable for all response costs that may be incurred by the United States at the Site in the future and for damages for injury to, destruction of, or loss of natural resources at the Site. The United States also seeks injunctive relief requiring the Defendants to implement a removal action at the Site which will comprise, inter alia, the installation and operation of a groundwater containment system pursuant to EPA's April 1, 1993 Action Memorandum.

Jurisdiction and Venue

2. This Court has jurisdiction over the subject matter of this action pursuant to Sections 106(a), 107(a) and 113(b) of CERCLA, 42 U.S.C. §§ 9606(a), 9607(a) and 9613(b), Section 7003 of RCRA, 42 U.S.C. § 9673, and 28 U.S.C. §§ 1331 and 1345.

3. Venue is proper in this district pursuant to Sections 106 and 113(b) of CERCLA, 42 U.S.C. §§ 9606 and 9613(b), Section 3008 of RCRA, 42 U.S.C. § 6928, and 28 U.S.C. § 1391(b), because the claims arose and the threatened and actual releases of hazardous substances have occurred in this district.

Defendants

4. The defendants in this action are listed in Appendix A to this Complaint, which is attached hereto and incorporated by reference. Each defendant is a person, within the meaning of Section 101(21) of CERCLA, 42 U.S.C. § 9601(21), who, by contract, agreement or otherwise, arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of hazardous substances owned or possessed by such person, or by any other person or entity, at the Site, which contains such hazardous substances; or who

accepted hazardous substances for transport for disposal or treatment at the Site, which was selected by such person, from which there was a release, or a threatened release of a hazardous substance, which caused the incurrence of response costs.

Statutory Background

5. CERCLA was enacted in 1980 to provide a comprehensive governmental mechanism for abating releases and threatened releases of hazardous substances and other pollutants and contaminants into the environment and for funding the costs of such abatement and related enforcement activities, which are known as "response costs". 42 U.S.C. §§ 9604(a), 9601(25).

6. Under Section 104(a)(1) of CERCLA, as amended,

Whenever (A) any hazardous substance is released or there is a substantial threat of such a release into the environment, or (B) there is a release or substantial threat of release into the environment of any pollutant or contaminant which may present an imminent and substantial danger to the public health or welfare, the President is authorized to act, consistent with the national contingency plan, to remove or arrange for the removal of, and provide for remedial action relating to such hazardous substance, pollutant, or contaminant at any time (including its removal from any contaminated natural resource), or take any other response measure consistent with the national contingency plan which the President deems necessary to protect the public health or welfare or the environment . . .

42 U.S.C. § 9604(a)(1).

7. For the purpose of authorizing CERCLA response actions and enforcement activities, the Administrator of EPA is the President's delegate, as provided in operative Executive Orders, and, within certain limits, the Regional Administrators of EPA have been re-delegated this authority.

8. Section 106(a) of CERCLA, 42 U.S.C. § 9606(a), provides in pertinent part:

[W]hen the President determines that there may be an imminent and substantial endangerment to the public health or welfare or the environment because of an actual or threatened release of a hazardous substance from a facility, he may . . . secure such relief as may be necessary to abate such danger or threat . . .

9. Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), provides, in pertinent part:

- (3) any person who by contract, agreement, or otherwise arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of hazardous substances owned or possessed by such person, by any other party or entity, at any facility or incineration vessel owned or operated by another party or entity and containing such hazardous substances [a "generator" of hazardous substances]; and
- (4) any person who accepts or accepted any hazardous substances for transport to disposal or treatment facilities, incineration vessels or sites selected by such person, from which there is a release, or a threatened release which causes the incurrence of response costs, of a hazardous substance [a transporter of hazardous substances],

shall be liable for--

- (A) all costs of removal or remedial action incurred by the United States Government or a State . . . not inconsistent with the national contingency plan; . . .
- (C) damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction, or loss resulting from such a release; . . .

42 U.S.C. § 9607(a).

10. Section 7003(a) of RCRA, 42 U.S.C. § 6973(a), provides in pertinent part:

[U]pon receipt of evidence that the past or present handling, storage, treatment, transportation or disposal of any solid waste or hazardous waste may present an imminent and substantial endangerment to health or the environment, the Administrator may bring suit . . . against any person (including any past or present generator, [or] past or present transporter . . .) who has contributed or who is contributing to such handling, storage, treatment, transportation or disposal to restrain such person from such handling, storage, treatment, transportation, or disposal, to order such person to take such other action as may be necessary, or both.

42 U.S.C. § 6973(a).

General Allegations

11. The Site is located on Lazy Lane in the Town of Southington, Connecticut, and encompasses at least 45 acres.

12. From 1955 through 1991, SRS, Inc. ("SRS") and Solvents Recovery Service of New England, Inc. ("SRSNE") owned and operated a facility at the Site ("SRS facility"). While

it was in operation, the SRS facility treated, stored, reclaimed and incinerated chemical wastes. The materials handled at the SRS facility included halogenated solvents.

13. On September 8, 1983, the facility was placed on the National Priorities List, 40 C.F.R. Part 300, Appendix B, which is a national list of hazardous waste sites posing a threat to human health and welfare and the environment. The National Priorities List has been established pursuant to Section 105(a)(8)(B) of CERCLA, 42 U.S.C. § 9605(a)(8)(B).

14. As a result of the activities at the Site, there were and are releases, within the meaning of Section 101(22) of CERCLA, 42 U.S.C. § 9601(22), and threats of continuing releases, of hazardous substances, within the meaning of Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), into the environment at the Site.

15. In response to such releases or threats thereof, EPA completed two removal actions, one comprising the removal and disposal of PCB-contaminated soils and another comprising the removal and disposal of numerous containers of chemicals in a laboratory at the Site. The United States has incurred and continues to incur response costs in responding to the release or threatened release of hazardous substances at the Site.

16. Pursuant to Section 104 of CERCLA, 42 U.S.C. § 9604, EPA is conducting a Remedial Investigation and Feasibility Study ("RI/FS") at the Site to investigate and determine the nature and extent of contamination at the Site. Information gathered to date by EPA demonstrates that the soils and groundwater at the Site are contaminated with a wide range of hazardous substances, including volatile organic compounds, semi-volatile organic compounds, and metals.

17. Based on the information collected regarding Site conditions, EPA, on April 1, 1993, issued an Action Memorandum selecting a non-time critical removal action ("NTCRA") for the Site. The NTCRA was intended to address certain of the releases and threats of

releases of hazardous substances at the Site. The NTCRA includes a groundwater containment system and further studies of the Site soils.

18. There has been injury to, destruction of, or loss of natural resources at the Site as a result of the releases of hazardous substances at the Site.

19. The United States has incurred and continues to incur costs in assessing the extent of injury to, destruction of, or loss of natural resources at the Site as a result of the releases of hazardous substances there.

20. Hazardous substances, within the meaning of Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), have been treated or disposed at the Site. Such hazardous substances have been found at the Site.

21. The Site is a facility within the meaning of Section 101(9) of CERCLA, 42 U.S.C. § 9601(9).

First Claim for Relief

22. Paragraphs 1 through 21 are realleged and incorporated herein by reference.

23. Each of the defendants is liable under Section 107(a)(3) or (a)(4) of CERCLA, 42 U.S.C. § 9607(a)(3) and (a)(4), as a person who contracted or arranged for the transport for disposal or treatment of hazardous substances owned or possessed by such defendant, at a facility owned or operated by another party or entity and containing such hazardous substances, or who accepted hazardous substances for transport to disposal or treatment facilities, incineration vessels or sites selected by such person, from which there was a release or threat of release of a hazardous substance.

24. The United States has incurred and will continue to incur costs of response, within the meaning of Section 101(25) of CERCLA, 42 U.S.C. § 9601(25), to respond to the releases or threatened releases of hazardous substances at the Site.

25. The costs of response actions taken by the United States in connection with the Site were not inconsistent with the National Contingency Plan, 40 C.F.R. Part 300.

26. The release of hazardous substances at the Site has caused injury to, destruction of, or loss of natural resources at the Site, and the United States has incurred costs in assessing such injury, destruction, or loss.

27. Pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), the defendants are jointly and severally liable to the United States for all response costs incurred in the past related to the Site or to be incurred in the future relating to the Site, and for damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction, or loss, at the Site.

28. Pursuant to Section 113(g) of CERCLA, 42 U.S.C. § 9613(g), the United States is entitled to a declaratory judgment that, because each of the defendants named in this complaint is liable to the United States under Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), each of the defendants is liable for (a) all response costs which may be incurred by the United States at the Site in the future; and (b) for damages for injury to, destruction of, or loss of natural resources at the Site under the trusteeship of the Secretary of the Interior and the Secretary of Commerce.

Second Claim for Relief

29. Paragraphs 1 through 21 are realleged and incorporated herein by reference.

30. The President, through his delegate, the Regional Administrator of EPA Region I, has determined that there is or may be an imminent and substantial endangerment to the public health or welfare or the environment because of a release of hazardous substances or a threatened release of hazardous substances at and from the Site.

31. Section 106(a) of CERCLA, 42 U.S.C. § 9606(a), authorizes the United States to bring an action to secure such relief as may be necessary to abate the danger or threat to

the public health or welfare or the environment because of the actual or threatened release of a hazardous substance at the Site.

32. Pursuant to Section 106(a) of CERCLA, 42 U.S.C. § 9606(a), the defendants are liable to the United States for relief, including injunctive relief, as may be necessary to abate the actual or threatened release of hazardous substances at the Site.

Third Claim for Relief

33. Paragraphs 1 through 21 are incorporated herein by reference.

34. EPA has received evidence that the disposal of hazardous or solid waste at the Site may present an imminent and substantial endangerment to public health or the environment.

35. Each of the defendants listed in Appendix A is a person who has contributed to the handling, storage, treatment, transportation or disposal of hazardous or solid waste at the Site.

36. In accordance with Section 7003 of RCRA, 42 U.S.C. § 6973(a), EPA has provided notice of this action to the State of Connecticut, which is expected to file its own action against the defendants based on the acts alleged herein.

37. Pursuant to Section 7003(a) of RCRA, 42 U.S.C. § 6973(a), the defendants are liable to the United States for relief, including, but not limited to injunctive relief, as may be necessary to protect the public health and the environment and to abate the threat presented by the past or present handling, storage, treatment or disposal of any solid waste or hazardous waste at the Site.

Prayer for Relief

WHEREFORE, Plaintiff, the United States of America, prays that this Court:

1. Enjoin the defendants, pursuant to Section 106(a) of CERCLA, 42 U.S.C. § 9606(a), and Section 7003 of RCRA, 42 U.S.C. § 6973(a), jointly and severally, to perform

the work required to implement the removal action selected by EPA in the Action Memorandum dated April 1, 1993.

2. Order defendants to reimburse the United States for all response costs incurred and to be incurred by the United States in connection with the Site, plus interest;

3. Order defendants to pay damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction, or loss at the Site;

4. Enter a declaratory judgment pursuant to Section 113(g)(2) of CERCLA, 42 U.S.C. § 9613(g)(2), that, because each of the defendants named in this complaint is liable to the United States under Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), each of the defendants is liable for (a) all response costs which may be incurred by the United States at the Site in the future; and (b) for damages for injury to, destruction of, or loss of natural resources at the Site under the trusteeship of the Secretary of the Interior and the Secretary of Commerce.

5. Award the United States its costs and fees in this action; and

6. Grant such other and further relief as may be just and proper.

Respectfully submitted,

LOIS J. SCHIFFER
Assistant Attorney General
Environment and Natural Resources
Division

MARK A. GALLAGHER, OF 10592
